

# Auto Dialer Accessory Kit

## RSA-600-003 Kit Overview

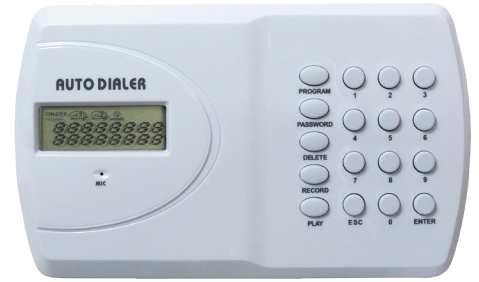

**For use with FloodMaster® models:  
RS-080, RS-092, RS-094 and RS-096**

The Auto Dialer device offers a convenient and low-cost way to send and receive automatic alerts whenever your FloodMaster system responds to a fault condition.

The Auto Dialer Accessory Kit (RSA-600-003) is easy to install and use with most FloodMaster Leak Detection and Shut-Off Systems to alert users of an issue with their systems. It uses standard output contacts to trigger up to nine predetermined telephone number calls. Pre-record your own message for future playback during the call.

### FEATURES:

- Up to 9 (32-digit) user-programmable phone numbers
- 10-second recordable message
- Built-in tamper switch
- DC adaptor with battery back-up (9V battery not included)
- Programmable as a silent (dialer only) or audible (siren + dialer) alarm
- Easy "Stop Call Sequence" – push # on your phone to acknowledge the alarm and stop the dialing sequence
- Requires a dedicated analog phone line

### THE AUTO DIALER KIT (RSA-600-003) INCLUDES:

- (1) Auto Dialer
- (1) 12V DC Adaptor
- (1) Installation & Programming Guide
- (1) Telephone Cable (2')
- (1) Wire for connection to FloodMaster unit (8')

**Tools required:** Small Phillips screwdriver; large Phillips screwdriver; small standard screwdriver.

**Requires a dedicated analog phone line.**
